

Robotun bütün hikayesi tek cockpit içinde.

Solda AI Chatbot, ortada canlı bilgi akışı, sağda Robot Twin. Tek bakışta kontrol hissi.

Uc farkli telemetry hissi ayni deneyime akar.

Dashboard telemetry, camera stream ve Apple Vision Pro ile robotun sahnesi her yerden okunur.

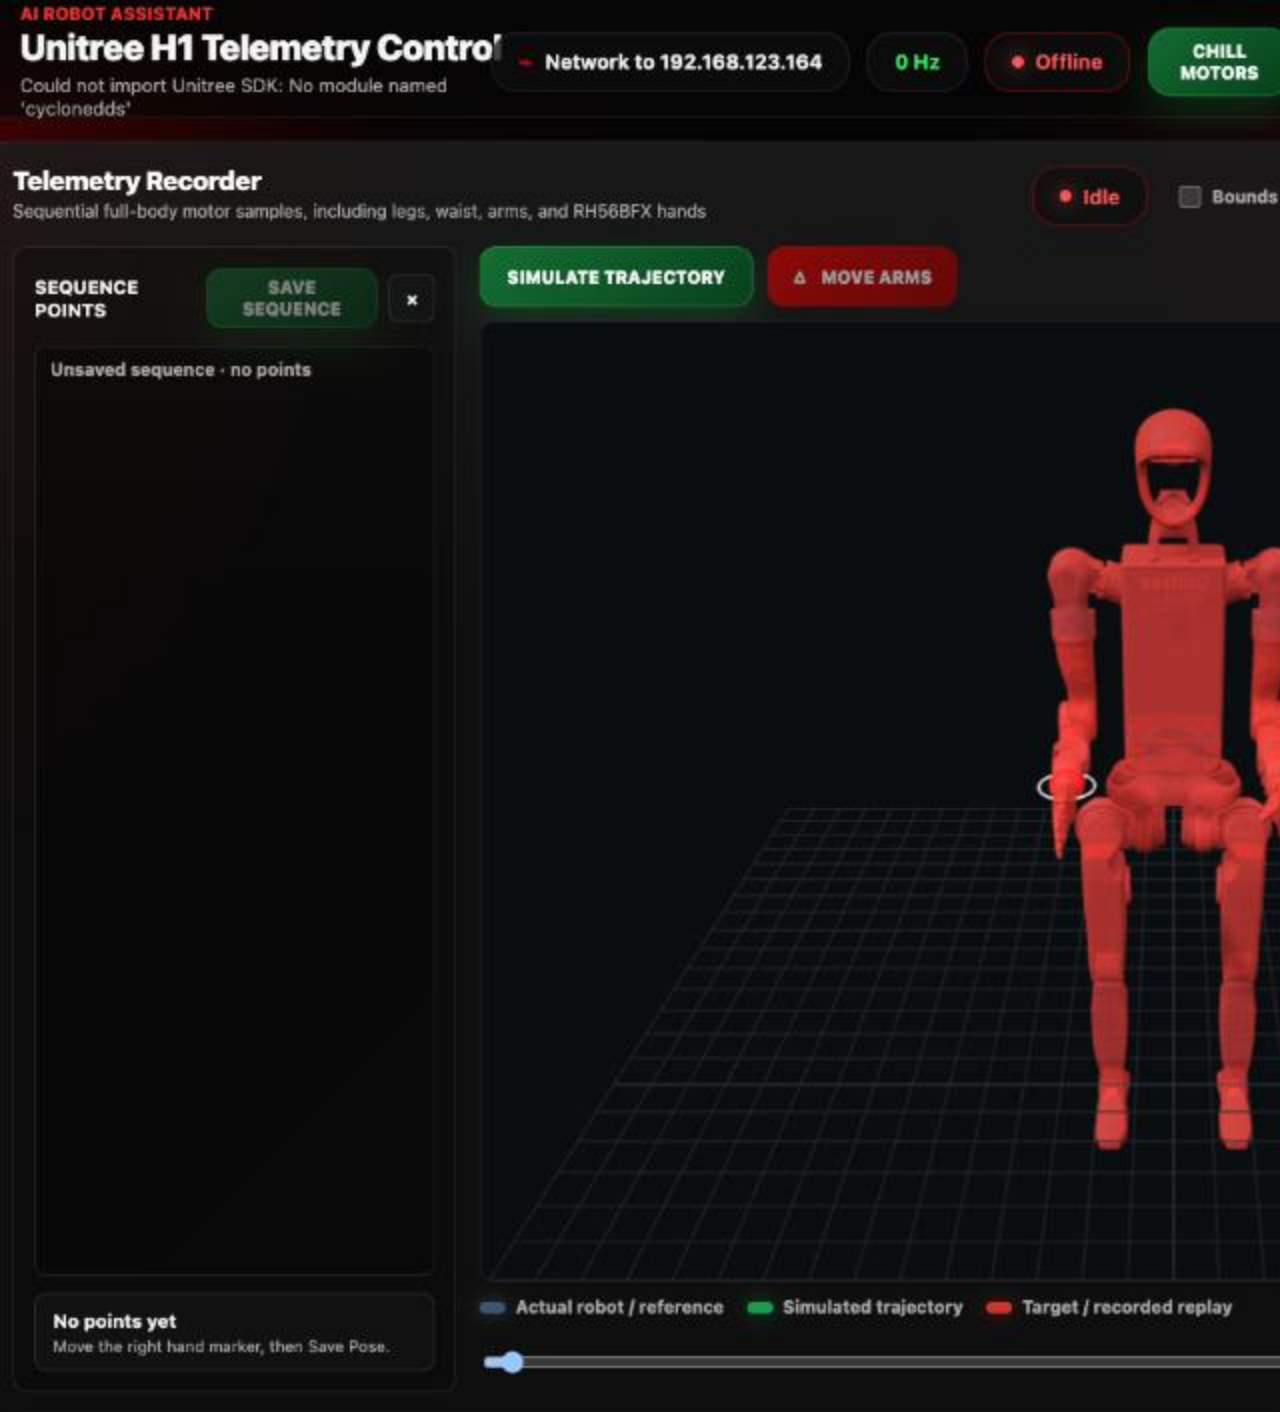

1. Live Dashboard

2. Camera Stream

3. Apple Vision Pro

Real-time awareness / XR presence / Operator confidence

MOTION SEQUENCE PLANNING

Hareket artık bir sequence haline geliyor.

Pose point kaydet, sequence kur, trajectory preview izle. Robot hareketi demo diline donusur.

Add Point

Pose Capture

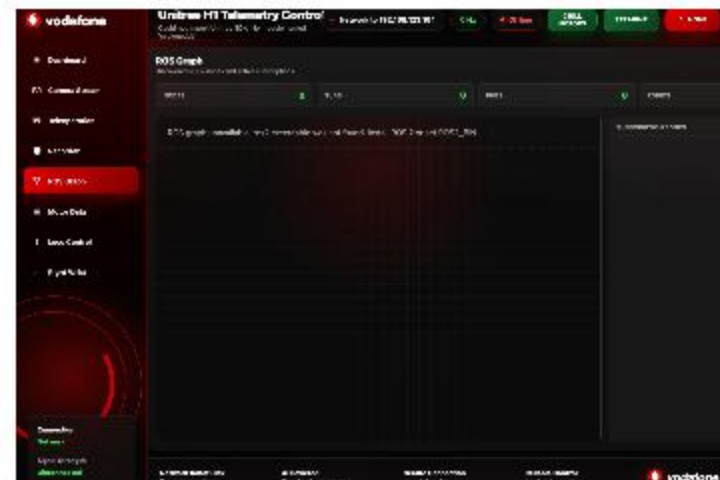

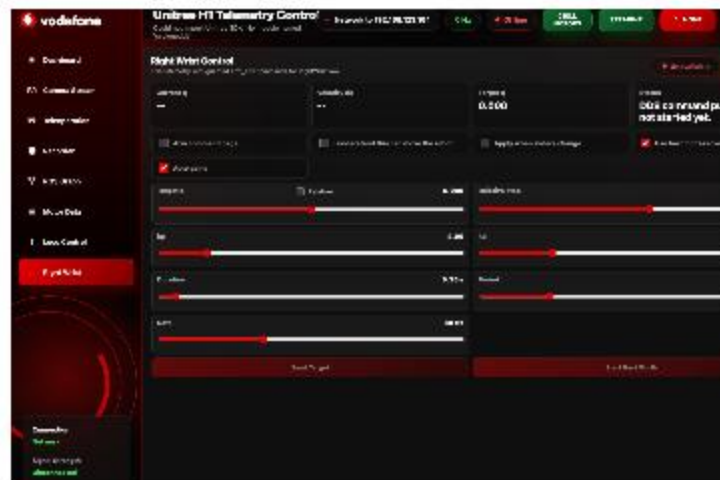

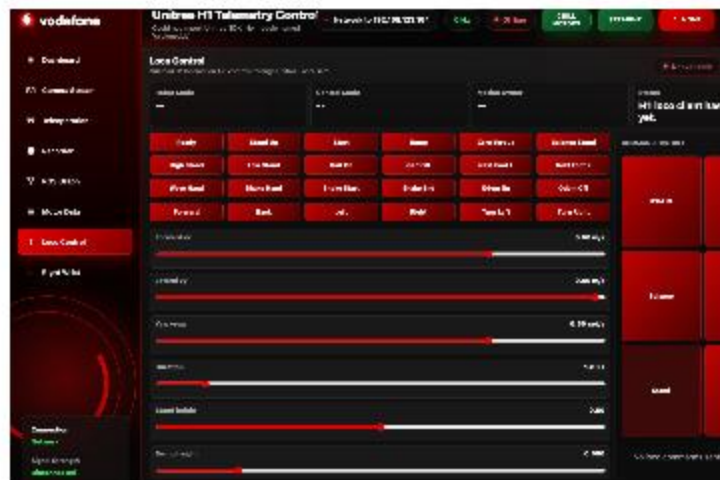

Sequence Builder

Trajectory Planning

Crazy Seconds

Repeatable motion / stage-ready timing / replayable moments

Pilot, demo ve remote presence icin hazir bir robot platformu.

Locomotion Layer

Gesture Layer

ROS Visibility

Remote Presence

Premium robotics experience. Fast demo loop. Clear operator story.
